Entertainer Portable Bluetooth Party Speakers & PA

These portable PA speaker systems have been designed for indoor and outdoor entertaining with coloured LED lighting to add to the party atmosphere. They are the perfect speakers to set up anywhere you need instant sound. Powered by an internal, rechargeable lithium battery, it provides 3-8 hours depending on volume level. The unit is True Wireless Stereo (TWS) enabled, allowing you to synchronise two speaker units via Bluetooth for stereo sound. Stream audio wirelessly from any Bluetooth enabled device, or play MP3 audio from the USB port or Micro SD card slot. With the included wireless microphone, you can easily make speeches or perform your own home karaoke accompanied by your favourite tunes.

Features • Lightweight & easy to carry • Simple top mounted controls • USB & microSD playback and recording • Wired aux input • Wired microphone inputs=FM radio • Multi-function front panel display • TWS operation - pairs to a second unit for more sound • 3600mAh battery for up to 8 hours use
